AUDITORS' REPORT TO THE MEMBERS ON REVIEW OF CONDENSED INTERIM FINANCIAL INFORMATION

Introduction

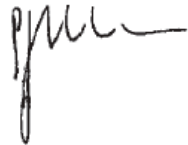

We have reviewed the accompanying condensed interim balance sheet of **SHAMS TEXTILE MILLS LIMITED** as at 31 December 2017 and the related condensed interim profit and loss account, condensed interim statement of comprehensive income, condensed interim cash flow statement, condensed interim statement of changes in equity and notes to the accounts for the half year then ended (herein after referred to as "condensed interim financial information"). Management is responsible for the preparation and presentation of this condensed interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this condensed interim financial information based on our review. The figures of the condensed interim profit and loss account and condensed interim statement of comprehensive income for the quarters ended 31 December 2017 and 31 December 2016 have not been reviewed and we do not express a conclusion on them as we are required to review only the cumulative figures for the half year ended 31 December 2017.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of condensed interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial information as of and for the half year ended 31 December 2017 is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

DIRECTORS' REPORT

The Directors are pleased to present their report on the operational results of the Company for the half year ended December 31, 2017.

GENERAL REVIEW

The Directors are pleased to report that the Company has achieved better results for the period under review as compared to the correspondence period. The improvement is primarily due to a better product mix along with improved yarn off take. The input costs especially RLNG, salary and wages have increased in this period and will be a challenge in the current business environment. The management has not been able to assess the raw material market correctly and has hence not covered its requirements for the balance period of this year. However we hope to continue this progress during the balance period of current year.

The Pakistan Textile Industry in general continues to be depressed. A large number of units have closed down with little or no chance of revival. The Government has taken stop gap measures to give some sort of package to the industry but implementation is poor. The Export rebates announced have not been paid as fast as they should be resulting in huge funds being tied up affecting working capital requirements. Similarly, large funds are blocked in sales tax refunds with little chance of improvement in receiving these refunds.

On the energy front RLNG prices have continued to increase from month to month as they are linked to International oil prices which in turn have been showing an upward trend. There is also a huge disparity in gas prices being supplies to Punjab Industrial sector as compared to the Industries in Sind and KPK. Punjab is being compelled to purchase more expensive RLNG as compared to cheaper natural gas being supplied to Sind and KPK.

Future Outlook:

Overall we are not expecting any fast turnaround for the Textile Industry in general and apart from the few units the rest will continue to struggle. Your Company Inshallah expects to produce similar results for the balance period of current year as being reported for the period under review.

ACKNOWLEDGEMENTS:

We would take this opportunity to thank all our shareholders and partners for their valued support and our employees for their dedication. We would also like to thank the Board of Directors for their guidance and advice at all times.

ڈائریکٹر رپورٹ

ڈائریکٹر ششماہی 31 دسمبر 2017ء کے مالیاتی نتائج بخوشی پیش کرتے ہیں۔

عمومی جائزہ:

ڈائریکٹر زبیر نے ہونے خوشی محسوس کرتے ہیں کہ کمپنی نے پچھلے عرصہ کے مقابلے میں بہتر نتائج دینے میں اس کی وجہ مصنوعات کی پیداوار بہتر مرکب سے ہے اور ہر شعبہ میں بہتر کارکردگی ہے۔ اس کے برعکس آرائل این جی کی قیمت میں اضافہ، تنخواہ اور اجرت میں اضافہ ہوا جو کہ حالیہ کاروباری ماحول میں ایک چیلنج ہوگا۔ انتظامیہ خام مال کی مارکیٹ کا درست طریقے سے اندازہ نہیں کر سکی اور بقیہ چھ ماہ کیلئے سٹاک کو اچھے طریقے سے پورا نہیں کیا ہے۔ تاہم بقیہ چھ ماہ میں بھی ہم اچھے نتائج کی امید کرتے ہیں۔

پاکستان میں ٹیکسٹائل کی صنعت عمومی طور پر متاثر ہے۔ بڑی تعداد میں یونٹ کسی حد تک بند ہو چکے ہیں اور ان کی بحالی کا کوئی امکان نہیں۔ حکومت نے ٹیکسٹائل صنعت کو کچھ پیکیج دینے میں جن کی وجہ سے یونٹ بند ہونے کا عمل کسی حد تک رک چکا ہے مگر ان پر عمل درآمد پورے طریقے سے نہیں کیا جاتا۔ برآمدی چھوٹ وقت پر نہیں دی جا رہی جس کی وجہ سے ٹیکسٹائل صنعت کی بڑی رقم پھنس چکی ہے اور اسی طرح سیلز ٹیکس میں رقم پھنسی ہوئی ہے جس کی بہت کم امید ہے کہ واپس مل جائیں۔

انرجی کی قیمت آرائل این جی کی بین الاقوامی قیمت کے ساتھ منسلک ہے جو کہ مسلسل بڑھ رہی ہے۔ پنجاب کو سندھ اور خیبر پختونخوا کے مقابلے میں مہنگی گیس مل رہی ہے۔ پنجاب کی صنعت آرائل این جی مہنگی خریدنے پر مجبور ہے جبکہ سندھ اور خیبر پختونخواں کو سستی گیس دی جا رہی ہے۔

مستقبل کے امکانات:

مجموعی طور پر ٹیکسٹائل صنعت میں کسی خاص بہتری کی توقع نہیں ہے کچھ ٹیکسٹائل یونٹس کے علاوہ باقی یونٹس بقاء کی جدوجہد میں جاری رکھیں گے۔ آپ کی کمپنی ایسے ہی مالیاتی نتائج اگلے ششماہی عرصہ میں بھی دے گی۔

اظہار تشکر:

ہم اس موقع پر اپنے تمام حصص داروں، شرکاء داروں کے تعاون اور اپنے ملازمین کے کام کرنے کو سراہتے ہیں۔ ہم بورڈ آف ڈائریکٹرز کا ان کی رہنمائی اور ان کے مشوروں کا شکریہ ادا کرتے ہیں۔

10. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL STATEMENTS

(i) Fair value hierarchy

Judgements and estimates are made in determining the fair values of the financial instruments that are recognised and measured at fair value in this condensed interim financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements At 31 December 2017	Level 1	Level 2	Level 3	Total
Rupees in thousand				
Financial assets				
Available for sale financial assets	46,520	-	-	46,520
Total financial assets	46,520	-	-	46,520

Recurring fair value measurements At 30 June 2017	Level 1	Level 2	Level 3	Total
Rupees in thousand				
Financial assets				
Available for sale financial assets	65,218	-	-	65,218
Total financial assets	65,218	-	-	65,218

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further there was no transfer in and out of level 3 measurements.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and available-for-sale securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

ii. Valuation techniques used to determine fair values

Specific valuation technique used to value financial instruments was use of quoted market prices.
