PROFILE

Shams Textile Mills Limited is a public limited company incorporated on January 10, 1968. The company is primarily engaged in the manufacturing and trading of high quality Yarn.

The Company initially setup up its composite project consisting of spinning, weaving, dyeing and finishing at Chiniot in 1968. The plant today comprises of 24,000 spindles having capacity of producing 400,000 Kg/month (approx.) of yarn. During the initial years of operations the management successfully marketed the cotton yarn, grey and finished fabrics produced from these facilities, generating substantial export business. These operations resulted in the manufacturing of premium quality products leading to higher profitability for the company.

The company successfully built enough reserves over time inducing the management to think about the expansion of its existing facilities. The Management therefore decided to increase its spindle age capacity to 46,320 by installing another spinning unit at Sheikhpura Road near Shahkot. The facility started its commercial production in August 01, 1994 and ever since has contributed positively to the results of the company.

Our 22,176 spindle-spinning unit located at Shahkot has the capacity of producing 500,000 Kg (approx.) of the finest Knitting and weaving yarns monthly. Our strength is our commitment to customer satisfaction. Every product passes stringent quality control tests conducted on highly sophisticated machinery before it is dispatched to a customer.

The Company has grown steadily and has distinction of being associated with several prestigious local and foreign firms. The modern yet conservative policies of the company helped in attracting investment in the form of equity participation and loans. The weaving, dyeing and finishing facilities have been shut down with the passage of time due to lower profitability and the management's decision to primarily focus on the spinning business which has always been the company's strength.

The specialized yarn based new spinning unit of 12,096 spindles has been added to existing facilities of the Company at Shahkot to cater the demand of coarse count Slub, Multi and Lycra yarns. The plant started its commercial production in January 2006.

Shams Textile Mills Limited is managed by people who have had vast experiences in the textile sector. The management is constantly looking to avail opportunities in the field of textiles and to grow on its strengths. It has a low cost and growth driven approach to its businesses and is looking to grow further on the same policies.

CHAIRMANS' REVIEW REPORT ON BOARD OVERALL PERFORMANCE U/S 192 OF THE COMPANIES ACT 2017

I am pleased to present the Chairman's Review Report of the company for the year ending 30 June 2020.

The Economy

The world is currently dealing with the impact of COVID-19 pandemic. It has created considerable uncertainty and is expected to have a lasting effect on the global economy. As a result, economic growth has slowed down globally and it appears unlikely that a moderate pace towards normalization of operations can be achieved in the near future considering apprehensions of second wave of pandemic; therefore, situation presents serious challenges going forward.

Economic growth is anticipated to slow down further in the year 2020-21 due to macro economic interventions that have been introduced in the country. The collective impact of higher taxation, shrinking GDP, PKR devaluation and the COVID-19 lockdown, has greatly impacted the operations of textile industry. The textile sector is biggest employment provider in the country that provides direct and indirect employment to over fifty million people, and serves as a major industrial and economic force in Pakistan. Unfortunately, the industry already facing economic challenges and range bound exports, has now been exposed to additional burdens on account of the pandemic.

However, the external sector improved significantly. Current account deficit contracted by 73% to USD 2.8 billion during FY20. This was driven by a significant reduction in imports and continuous growth in workers' remittances. Monetary assistance from IMF and support from other multilateral partners in the shape of USD 1.4 billion emergency loan & debt rescheduling, have provided much needed support. As a result, the State Bank of Pakistan's (SBP) reserves are now relatively more secure and have recovered to a level of USD 12.3 billion. The downward trend in inflationary pressures is expected to persist with full year inflation rate expected to be in single digit. This is due to easing of core and food inflation as well as lower fuel prices. Since the beginning of crisis, SBP has reduced the policy rate by a cumulative 625 basis points to 7%. This was done with an aim to dilute the impact of the COVID-19 shock to the economy and to maintain financial stability. After having suffered heavily in the month of March 2020, PSX regained its lost momentum and surpassed 42,000 points benchmark by early September 2020.

Agriculture

Pakistan's agriculture sector is considered the cornerstone of the national economy. The performance of this sector, however, remained mixed. A substantial decline was observed in the production of major Kharif crops particularly cotton. Costlier inputs led to the decline in area under cultivation, while untimely rains and pest attacks held back the output. Early estimates of Rabi crops point to some improvement on the back of favorable weather conditions and urea off take. Overall, the recently announced agriculture package and improved support prices are expected to provide relief to this sector.

Large Scale Manufacturing (LSM)

Intensified macroeconomic stabilization measures has resulted in economic slowdown and industrial sector has witnessed the brunt due to minimal public and private consumption. Overall confidence among businesses and consumers remained bleak, as the latter struggled to preserve their purchasing power. On the whole, a number of industries within the LSM struggled with inventory build-ups amid rising input costs. With margins squeezed and rising financing cost, firms scaled back their operations. As a result, a massive contraction of 10.2% was observed in the FY 20 due to ongoing shutdowns on account of COVID-19.

Company Performance

The current financial year was challenging for the Company due to turbulent economic landscape, escalating costs and contracting demand coupled with lockdown. Sales revenue dipped by 21.1% to Rs 4,175.3 million in the year under review as compared to Rs 5,291.7 million in the previous year. Apart from currency depreciation, massive underutilization of plant capacities due to lockdown; raised fixed cost per unit that dragged the gross margins to Rs 94.86 million i.e. a drop of 59.49% from the last year. For further details, refer to Vertical Analysis, Horizontal Analysis and Financial Statements; as available in Annual Report.

Corporate Governance

I am pleased to report that your Company's Board of Directors has continued to provide valuable guidance and oversight to ensure strong governance and to effectively provide encouragement and input to the management throughout the year. A review of the Board's performance and effectiveness through a self-assessment basis has been conducted during the year under review to ensure best practices. Areas where improvements are required are duly considered and action plans are framed.

For the Purpose of Board evaluation, a comprehensive criteria has been developed. The Board has recently completed its annual self-evaluation for the year ended June 30, 2020 and I report that:

The overall performance of the Board measured on the basis of approved criteria for the year was satisfactory. The overall assessment as Satisfactory is based on an evaluation of the following integral components, which have a direct bearing on Board's role in achievement of Company's objectives:

- **Diversity and Mix:** The Board members effectively bring the diversity to the Board and constitute a mix of executive and non-executive directors. The executive and non-executive directors were equally involved in all key matters and decisions of the Board.
- **Engagement in Strategic Planning:** Board has a clear understanding of the stakeholders (shareholders, customers, employees, vendors, Society at large) whom the Company serves. The Board has a strategic vision of how the organization should be evolving over the next three to five years. Further, the Board has spent sufficient time on Strategy formulation and it has set annual goals and targets for the management in all major performance areas.
- **Diligence:** The Board members diligently performed their duties and thoroughly reviewed, discussed and approved business strategies, corporate objectives, plans, budgets, financial statements and other reports. It received clear and succinct agendas and supporting written material in sufficient time prior to board and committee meetings. The board met frequently enough to adequately discharge its responsibilities.
- **Monitoring of organization's business activities:** The Board remained updated with respect to achievement of Company's objectives, goals, strategies and financial performance through regular presentations by the management, internal and external auditors and other independent consultants. The Board provided appropriate direction and oversight on a timely basis.
- **Governance and Control Environment:** The Board has effectively set the tone-at-the-top, by putting in place transparent and robust system of governance. This is reflected by setting up an effective control environment, compliance with best practices of corporate governance and by promoting ethical and fair behavior across the company.

Finally, I would like to express my gratitude to all the shareholders for their continued trust and confidence in the Company. The Board is united in extending our thanks to each member of the STML team as we acknowledge their unwavering support and dedication to the Company. We are committed to attain leadership in the industry by producing quality products and handsome returns for our shareholders and pray to Almighty Allah to bless us in our future endeavors.

چیرمین کا تجزیہ

میں 30 جون 2020ء کو اختتام پذیر سال کے لئے کمپنی کی چیرمین جائزہ رپورٹ بصد مسرت پیش کرتا ہوں۔

معیشیت

دنیا اس وقت COVID-19 وبا کے اثرات سے نیٹ رہی ہے۔ اس وجہ سے عالمی معیشیت میں نمایاں بے یقینی کی صورت حال واضح نظر آرہی ہے۔ نتیجتاً، عالمی سطح پر معاشی نمو سست روی کا شکار ہے اور مستقبل قریب میں وبا کی دوسری لہر کے اثرات کی وجہ سے عین ممکن ہے کہ آپریشنز میں تسلسل کی رفتار معتدل رہے گی لہذا یہ حالات سنجیدہ نوعیت کی مشکلات کا پیش خیمہ ہیں۔

ملک میں متعارف کی گئی میکرو اکنامک اصلاحات کی وجہ سے سال 2020-21 میں معاشی نمو مزید سست روی کا شکار ہوگی۔ زیادہ محصولات، GDP میں کمی، پاکستانی روپے کی کم قدری اور COVID-19 بندش کے مجموعی اثرات سے ٹیکسٹائل کی صنعت بری طرح متاثر ہوئی ہے۔ ٹیکسٹائل کا شعبہ ملک بھر میں پچاس لاکھ سے زائد افراد کو روزگار فراہم کرتا ہے اور یہ پاکستان کی سب سے بڑی صنعتی اور معاشی طاقت ہے۔ بد قسمتی سے یہ شعبہ کافی عرصہ سے معاشی مشکلات کا شکار ہے اور عالمی وبا کی وجہ سے محدود برآمدات نے اس شعبہ پر اضافی بوجھ ڈال دیا ہے۔

تاہم بیرونی شعبہ نمایاں طور پر بہتر ہوا ہے۔ درآمدات میں نمایاں کمی اور ورکرز ریٹنس میں مسلسل بہتری کی وجہ سے کرنٹ اکاؤنٹ خسارہ مالیاتی سال 2020ء میں 73 فی صد یعنی 2.8 بلین ڈالر تک کم ہوا ہے۔ بین الاقوامی مالیاتی فنڈ سے مالی امداد اور دیگر دوست ممالک سے 1.4 بلین ڈالر ہنگامی قرضہ اور قرضوں کی ری شیڈولنگ کی وجہ سے اس مد میں کافی مدد ملی ہے۔ نتیجتاً، بینک دولت پاکستان (SBP) کے ذخائر زیادہ محفوظ ہیں اور اس کی سطح 12.3 بلین ڈالر تک بحال ہوئی ہے۔ افراط زر کے کی شرح بھی سال بھر میں واحد ہندسہ تک پہنچنے کی امید ہے۔ اس کی بنیادی وجہ خوراک اور دیگر ضروریات زندگی اور پٹرولیم مصنوعات کی قیمت میں کمی ہے۔ بحران کے آغاز سے ہی SBP نے 625 پھرسز پوائنٹس کے ساتھ پالیسی کی شرح کو 7 فی صد کر دیا ہے۔ اس کا بنیادی مقصد COVID-19 کے اثرات سے معیشیت کو بچانا اور مالیاتی استحکام برقرار رکھنا تھے۔ مارچ 2020ء میں شدید متاثر ہونے کے بعد PSX نے اپنی ساکھ بحال کی ہے اور ستمبر 2020ء کے آغاز میں بیچ مارک 42,000 پوائنٹس سے تجاوز کر گیا۔

زراعت

پاکستان کے زرعی شعبہ کو قومی معیشیت کی ریڑھ کی ہڈی سمجھا جاتا ہے۔ تاہم یہ شعبہ مخلوط کارکردگی دکھا رہا ہے۔ خریف کی بڑی فصلوں خصوصاً کپاس میں نمایاں کمی کا مشاہدہ کیا گیا ہے۔ مہنگی مشینری کی وجہ سے زیر کاشت رقبہ میں کمی واقع ہوئی ہے جب کہ بے وقت کی بارشیں اور حشرات کے حملوں نے آمدنی پر منفی اثرات مرتب کئے ہیں۔ سازگار موسمی حالات کی وجہ سے ریع کی فصلوں کے ابتدائی تخمینہ جات میں بہتری آئی ہے۔ مجموعی طور پر، حالیہ اعلان کردہ زرعی پیکج اور رعایتی قیمتیں اس شعبہ کو مزید تقویت بخشنی گی۔

بڑی صنعت کاری

استحکام کے لئے مربوط میکرو اکنامک اقدامات سے معیشیت سست روی کا شکار ہوئی اور نجی و عوامی سطح پر کم کھپت کی وجہ سے صنعتی شعبہ دباؤ کا شکار رہا۔ کاروبار اور صارفین کا اعتماد بھی کم ہوا کیونکہ صارفین کی خریدنے کی سکت متاثر ہوئی ہے۔ مجموعی طور پر LSM کی اکثر صنعتیں لاگت میں اضافہ کی وجہ سے اپنے ذخیرہ میں اضافہ کرنے میں مشکلات کا شکار ہیں۔ اہداف میں کمی اور قرضوں کی لاگت میں اضافہ کے ساتھ کمپنیوں نے اپنے آپریشنز میں تجدید کی ہے۔ نتیجتاً، COVID-19 کی وجہ سے جاری بندش سے مالیاتی سال 2020ء میں 10.2 فی صد بھاری فرسودگی کا مشاہدہ کیا گیا۔

کمپنی کی کارکردگی

روان مالیاتی سال کے دوران بندش کے ساتھ ساتھ غیر یکساں معاشی پیش منظر، اضافی لاگت اور طلب میں کمی کی وجہ سے کمپنی مشکلات کا شکار رہی۔ زیر جائزہ سال کے دوران سیلز ریوینؤ گزشتہ برس کی اسی مدت میں 5,291.7 ملین روپے کے مقابلہ میں 4,175.3 ملین روپے یعنی 21.1 فی صد کی واقع ہوئی ہے۔ روپے کی قدر میں کمی، بندش کی وجہ سے

صلاحیت سے کم پلانٹ کا استعمال، فی یونٹ مستقل لاگت میں اضافہ سے مجموعی اہداف میں گزشتہ برس کے مقابلہ میں 59.49 فی صدی کے ساتھ 94.86 ملین روپے کی واقع ہوئی۔ مزید معلومات کے لئے افقی وعمودی جائزہ اور مالیاتی اسٹیٹمنٹس و سالانہ رپورٹ میں دستیاب ہیں۔

کارپوریٹ گورننس

میں ازراہ مسرت آگاہ کرتا ہوں کہ آپ کی کمپنی کے بورڈ آف ڈائریکٹرز مربوط گورننس کو یقینی بنانے کے لئے سال بھر میں انتظامیہ کو مؤثر حوصلہ افزائی اور مدد کے ساتھ گراں قدر رہنمائی اور نگرانی فراہم کر رہے ہیں۔ بہترین عمل داری کو یقینی بنانے کے لئے زیر جائزہ سال کے دوران بورڈ کی کارکردگی اور خود تجزیہ کی بنیاد پر اس کو مؤثر بنایا جاتا ہے۔ بہتری کے حامل شعبوں کو حسب ضابطہ زیر غور لایا جاتا ہے اور طریق عمل کو مرتب کیا جاتا ہے۔

بورڈ کے تجزیہ کے لئے جامع معیار طے کیا گیا ہے۔ 30 جون 2020ء کو اختتام پذیر سال کے لئے بورڈ نے اپنا سالانہ تجزیہ مکمل کر لیا ہے اور میں رپورٹ کرتا ہوں کہ: رواں سال کے لئے منظور شدہ معیار کے تحت بورڈ کی مجموعی کارکردگی کا حوصلہ افزا تعین کیا گیا ہے۔ کمپنی کے مقاصد پر بورڈ کے براہ راست کردار کے حامل مندرجہ ذیل اہم اجزاء کے جائزہ کی بنیاد مجموعی جائزہ تسلی بخش ہے:

- **تنوع اور مرکب:** بورڈ اراکین اکیڈمیٹڈ اور نان اکیڈمیٹڈ اراکین کا امتزاج اور بورڈ میں مؤثر تنوع قائم کرتے ہیں۔ اکیڈمیٹڈ اور نان اکیڈمیٹڈ اراکین کے اہم معاملات اور فیصلوں میں مساوی کے حصہ دار ہیں۔
- **اسٹریٹجک پلاننگ میں کردار:** بورڈ کمپنی کو خدمات فراہم کرنے والے اسٹیک ہولڈرز (حصص داران، صارفین، ملازمین، وینڈرز اور سوسائٹی) کی فکر رکھتی ہے۔ بورڈ آئندہ تین سے پانچ سال میں ادارے میں انقلاب لانے کے لئے طے شدہ حکمت عملی پر عمل پیرا ہے اور اس نے اپنی کارکردگی کے تمام شعبوں کے انتظام کے لئے سالانہ اہداف مقرر کئے ہیں۔
- **مستقل مزاجی:** بورڈ اراکین نے انتہائی محنت سے اپنے فرائض سرانجام دیئے ہیں اور کاروباری حکمت عملی، مقاصد منصوبوں، بجٹ، مالیاتی اسٹیٹمنٹس اور دیگر رپورٹس پر نظر ثانی اور بحث کر کے منظوری دی ہے۔ انہوں نے بورڈ اور کمیٹی اجلاس سے قبل موزوں وقت میں واضح اور جامع ایجنڈا اور مددگار تحریری متن کو وصول کیا ہے۔ بورڈ باقاعدگی سے اپنی ذمہ داریوں کو سرانجام دے رہا ہے۔
- **ادارے کی کاروباری سرگرمیوں کی نگرانی:** بورڈ انتظامیہ، داخلی و خارجی آڈیٹرز اور دیگر خود مختار مشیروں کی باقاعدہ نمائندگی سے کمپنی کے مقاصد، اہداف، حکمت عملی اور مالیاتی کارکردگی سے متعلق ہمیشہ آگاہ رہی ہے۔ بورڈ کو مناسب ہدایات اور پیش منظر سے متعلق بروقت آگاہی فراہم کی جاتی ہے۔
- **گورننس اور نظم و ضبط کا ماحول:** بورڈ نے گورننس کا شفاف اور ٹھوس نظام ترتیب دے کر مؤثر کارکردگی دکھائی ہے۔ نظم و ضبط کا مؤثر ماحول، کارپوریٹ گورننس کی بہترین عمل داری اور کمپنی میں اخلاقی اور منصفانہ رویہ کی ترویج اس کی عکاسی کرتے ہیں۔

آخر الامر، میں تمام حصص داران کی جانب سے کمپنی پر مسلسل بھروسہ اور اعتماد کے لئے اُن کا شکریہ ادا کرتا ہوں۔ بورڈ اجتماعی سطح پر STML ٹیم کے تمام اراکین کو اپنا تہنیتی پیغام پہنچانا چاہتا ہے اور کیونکہ ہم کمپنی کی ساتھ اُن کی لامحدود حمایت اور جذبہ کا اعتراف کرتے ہیں۔ ہم معیاری مصنوعات کی تیاری سے اس صنعت میں اپنا اعلیٰ مقام برقرار رکھنے اور اپنے حصص داران کو کثیر منافع دینے کے لئے پرعزم ہیں اور مستقبل میں اپنی جدوجہد کو کامیاب بنانے کے لئے ہم اللہ تعالیٰ سے دعا گو ہیں۔

DIRECTORS' REPORT

On behalf of the Board of Directors, I am pleased to present the operating and financial performance of the company for the year ended 30 June 2020.

Before the COVID-19 pandemic, Pakistan's economy face dsignificant challenges in terms of fiscal deficit, long-term debt retirement and current account balance. The impact of Coronavirus hampered economic growth, and has proved highly detrimental for the economy resulting increase in cost of doing business, low economic activity and reduced consumer purchasing power. As per IMF forecast following the COVID-19 outbreak, the Pakistan economy is expected to shrink by 1.5% in FY2020. The expected fiscal deficit shall be reduced from 8.8% of GDP to 3.8% of GDP. Further, relief package worth PKR 1.24 trillion announced by the Federal Government, reduction in interest rates by 625 basis points and deferment of principal loan repayments would bode a positive impact on economic revival.

Overview

Considering overall economic recession and declining large scale manufacturing coupled with rising cost of doing business and shattered demand resulted in Operating Loss of PKR 36.31 million against Operating Profit of PKR 140.04 million last year. During prevalent turbulent times, these results are reflection of economic situation prevailing in the country. Operating loss compounded with increase in finance cost due to highest policy rate during Jul-19 to Mar-20, resulted Loss after Tax of PKR 140.20 million against profit of PKR 43.3 Million last year. Loss per share for the period stood at PKR 16.23 (2019: Earnings PKR 5.02).

Business & Financial Performance

Being in textile business your company is principally engaged in the business of manufacturing of Cotton and Polyester Yarn. Following are Production and Sales Numbers.

Operating Results

During the year under review net sales have shown an decrease of 21.10% from Rs. 4,175 million to Rs. 5,292 million.

Decline in production and sales numbers occurred due to halted operations / No Production Days (NPDs) on account of lockdown which directly impacted the profitability; however, optimized business performance and effective planning reduced the adverse impacts of pandemic substantially.

The financial performance of your company for the fiscal year ended June 30, 2020 as compared to last year is presented below:

(Rs. In Million)

Income Statement	2020	2019	% Change
Sales	4,175	5,291	-21.10%
Gross profit	94.8	234.1	-59.49%
Operating profit	(36.3)	140.0	-125.93
Finance cost	(57.5)	(42.9)	34.08%
Profit before taxation	(93.8)	97.1	-196.63%
Taxation	(46.3)	(53.7)	-13.75%
Net (loss) / Profit	(140.2)	43.3	-423.15%
(Loss) / Earnings per share (EPS)	(16.23)	5.02	

Revenue

During the year under review, our net sales declined by 21.1% to Rs. 4,175 million, over the corresponding period. This was mainly attributable to halted operations due to extensive lockdown. Export Sales declined during the period under review as compared to the previous period owing to competitive pricing of our product in domestic market and brisk debtor recovery cycle. Sales statistics of your company for the current fiscal year ended June 30, 2020 compared to last years are as follow:

Cost of Sales

During the fiscal year 2019-20 under review, energy situation was relatively stable and gas supplies were regular due to introduction of LNG. However, this has led to increased cost of power production resultantly increase in per unit cost of electricity. We have been using a mix of WAPDA and Gas generation to meet our requirements. Further, increase in cost of sale was mainly on account of expensive raw materials due to adverse exchange rate parity and fixed cost incurred throughout No Production Days (NPDs) during lockdown.

Gross Profit

Your Company has achieved gross profit margin of 2.27% for the fiscal year under review as compared to 4.43% last year, decline is mainly attributable to under absorption of fixed cost due to NPDs and lockdown however effective planning & management of resources hampered further decline in profitability.

Distribution cost was largely even as compared with previous year and in line with business trends of current year. Increase in these segments was in line with inflation. However, increase in Other Operating Expenses is directly attributable to exchange losses incurred on foreign currency due to sharp depreciation in local currency and provision for Expected Credit Loss as required by IFRS-9 due to delayed payments from debtors, resultantly invoking provisioning criterion of IFRS-9.

As per IFRS-9: "Expected Credit Losses consider the amount and timing of payments, a credit loss arises even if the entity expects to be paid in full but later than when contractually due."

Finance Cost

For the year under review, finance cost substantially increased by 34.08% due to peaked policy rate for 9 months that was gradually reduced as a result of monetary easing started from the month of April 2020 in lieu of relief measures for pandemic stricken economy, by State Bank of Pakistan; wherein policy rate was significantly reduced by 550 bps. (40.7% downwards) during the last quarter.

Net Profit

Shattered demand, extensive lockdowns and overall uneven economic situation induced the company to incur heavy losses in last quarter due to which company had posted Loss Before Tax of 93.86 Million during the current fiscal year, as compared to profit of 97.11 Million reported last year. Similarly, company posted an after tax loss of 140.2 Million as compared to profit of 43.38 Million reported last year.

Earnings Per Share (EPS)

Loss Per Share (LPS) of your company for the fiscal year ended June 30, 2020 stood at 16.23 as compared to Earnings Per Share of (EPS) 5.02 reported last year.

Dividend & Appropriation

Considering current economic landscape; the Board had to drop the proposal of cash dividend for current year. This approach remains in line with your company's commitment to be financially viable to meet its working capital requirements in testing times. The Breakup value per share for the year is PKR 61.76 (2019: PKR 78.29).

Sad Demise of Mr. Farooq Ahmad (CFO)

The Board of Directors would like to acknowledge deep appreciation for the services rendered by Mr. Farooq Ahmad (Late), Chief Financial Officer; and place on record its deep sorrow and grief over his untimely passing on 19 July 2020. Mr. Farooq Ahmad had a decades long association with the Company, commencing from early 90s, as its CFO which led the Company towards growth and made it financially stout with the patronage of BOD. In addition to his financial expertise, he was known for his philanthropic contributions in healthcare and social services. We are sure that the legacy he created will continue to grow further. He is missed tremendously by

his family, friends, business colleagues and especially the people whose lives he touched through his services.

Corporate Social Responsibility (CSR)

Your Company considers itself a responsible corporate citizen and its responsibilities toward improvement of society and communities in which it operates. The primary focus of your company remains in the education sector, health, community development, women empowerment and environment conservation. However, due to evident financial constraints in current fiscal year, your company was unable to spend for charitable purposes and community development.

Risk Management

Various risks are being faced by the company and summarized as follow along with mitigating strategies.

Strategic Risks

The strategic risks such as critical availability of gas, electricity and alternate fuels for power generation, and changes in domestic competitive scenario are being continuously monitored. The Company's expansion plans and growth targets are revisited with changing market situation. Changes in macro-economic indicators, inconsistent / arbitrary changes in Government Policies and significant increase in natural gas, electricity and other fuel prices making cost of production substantially higher are also being closely monitored & duly considered. Appropriate mitigation strategies are formulated to reduce the impact of these risks to an acceptable level.

Operational Risks

Business continuity and disaster recovery plans are in place to ensure that continuity in production and sales operations; in case of major failures and outages to ensure continuity, sustain ability and avoid any disruption to the business. Raw material sourcing, adequate segregation of duties, self-sufficiency in power generation at our plants, efficient supply chain and logistic operations have enabled us to mitigate operational risk to an acceptable level.

Financial Risks

One of the major financial risks is the fluctuation of the exchange rate and adverse movements can directly affect our raw material costs and also lead to a rise in manufacturing costs. The Company is aware of this situation and monitors such movements carefully to ensure minimum shocks. Strict financial discipline, cash flow management and investment of available funds in best possible avenues aid us in minimizing Financial Risks.

Compliance Risks

Due to effective compliance with laws and regulations and transparent financial reporting framework, compliance risk posed to the Company remains low. The Board promotes risk management and compliance culture in the Company. Litigation risks involving significant cases against the Company are handled through reputable Law firms with specialized expertise wherever required.

Environmental Footprint

Your Company always takes serious responsibility towards the conservation of Environment in every sphere of its operations. With an effort to further highlight the importance of environment preservation and being a responsible corporate citizen, your Company continued with its tree plantation drive in and around its manufacturing sites and has a considerable attention towards environment protection.

Your Company believes in responsible consumption of valuable resource of water and makes every effort to reduce its usage. By

installation of RO plants at our production facilities we ensure conservation of water and simultaneously provision of clean water to our employees round the clock. By using our expertise, we at Shams Textile remain committed to manage our water usage in an efficient and sustainable manner to support in improvement of access to clean water for communities, wherever possible. We make efforts to restore natural water cycles, benefiting multiple aspects of our value chain and the people and communities we serve.

Code of Corporate Governance

The Directors of your company are aware of their responsibilities under the Listed Companies (Code of Corporate Governance) Regulations 2019 and the Rule Book of Pakistan Stock Exchange. Your Company has undertaken all necessary steps to ensure Good Corporate Governance and compliance of the Code and we confirm the following:

- The financial statements, prepared by the management of the Company, present fairly its state of affairs, the result of its operations, cash flows and changes in equity.
- Proper books of account of the Company have been maintained.

Sr. No.	Name of Members
1.	Mrs. Minal Mishal Adamjee (Chairman)
2.	Mr. Asif Bashir
3.	Mr. Khurram Mazhar Karim

Adequacy of Internal & Financial Controls

The Board of Directors has established an effective system of Internal & Financial Controls that ensure:

- Effective and efficient conduct of operations
- Safeguarding company assets
- Compliance with applicable Laws and Regulations
- Reliable Financial Reporting

The independent Internal Audit Function of Shams Textile Mills Limited is outsourced to M/s Rizwan & Co. Chartered Accountants that regularly appraises and monitors the implementation of Standard Operating Procedures and respective financial controls.

Internal Audit reports are presented to the Audit Committee, as per Internal Audit Plan. Accordingly, the Audit Committee reviews the effectiveness of the internal control framework and financial statements in its meetings.

Auditors

The financial statements of the company for the current financial year 2019-20 were Audited by M/s Riaz Ahmad & Co. Chartered Accountants. The Auditors will retire at the end of Annual General Meeting. Being eligible, they have offered for re-appointment. The Board has recommended the appointment of M/s Riaz Ahmad and Co. Chartered Accountants as Auditors for the ensuing year, as recommended by the Audit Committee, subject to approval of the members in the forthcoming Annual General Meeting.

Subsequent Events

Material changes or commitments affecting the financial position of

the company have not occurred between the end of the financial year and the date of this report.

Pattern of Shareholding

Pattern of shareholding of the Company, as required by section 227 (2)(f) of the Companies Act, 2017 as at June 30, 2020 is provided in this report.

Future Outlook

The company's export performance during the year under review has reduced as compare to the comparative period. Our major customer, China, has been engaged in a Global Trade War with USA resulting in very poor demand of our products.

The cost of doing business has continued to show a rising trend. Supply position of raw material remains uncertain with very volatile prices. Energy costs are another factor which could lead to higher manufacturing costs as utility prices continue to rise. Polyester Fiber prices have risen astronomically due to high oil prices. The new crop season has arrived in a big way but quality remain poor and prices are volatile. However, the depreciation of the Pak rupee has made our downstream products quite competitive. Pakistan needs to make new investments in the manufacture of finished products but due to imposition of general sales tax, high finance costs and an unpredictable exchange rate, investors are reluctant.

Pakistan is currently faced with tremendous economic pressures internally and externally. The manufacturing sector is confronting major challenges due to the economic contraction. The country needs visionary policies for the export sectors; as it is only export led growth, which will lead to economic revival.

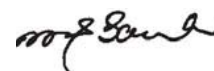

Your company will continue to focus on its core competencies and its managerial expertise to limit the negative effects and continue to try and perform as per the expectations of its stakeholders and will keep you apprised of our efforts.

Acknowledgements

On behalf of the Board of Directors, I would take this opportunity to thank all our partners and employees for their continued support. I would also take this opportunity to express my gratitude to the Board for their valuable insights and guidance.

ڈائریکٹر رپورٹ

بورڈ آف ڈائریکٹرز کی جانب سے 30 جون 2020ء کو اختتام پذیر سال کے لئے کمپنی کی فعالیت اور مالیاتی کارکردگی ازراہ مسرت پیش کرتا ہوں۔

جائزہ

COVID-19 وباء سے قبل پاکستان کی معیشت کو مالیاتی خسارہ، طویل مدتی قرضوں کی ادائیگی اور کرنٹ اکاؤنٹ توازن جیسی مشکلات کا سامنا رہا۔ کورونا وائرس کے اثرات سے معاشی نمو مزید بگڑ گئی اور معیشت کو بہت زیادہ نقصان پہنچا۔ جس سے کاروباری لاگت میں اضافہ، معاشی سرگرمیوں میں سست روی اور صارف کی بائع کرنے کی سکت سامنے آئی۔ آئی ایم ایف کی پیشین گوئی کے مطابق COVID-19 کے بعد پاکستانی معیشت مالیاتی سال 2020ء میں 1.5 فی صد تک سکڑ جائے گی۔ ممکنہ مالیاتی خسارہ مجموعی قومی پیداوار کے 8.8 فی صد سے کم ہو کر 3.8 فی صد رہ جائے گا۔ مزید برآں، وفاقی حکومت کی جانب سے 1.24 ٹریلین روپے کا ریلیف پیکیج، 625 پیسز پوائنٹس تک شرح سود میں کمی اور بنیادی قرضہ کی ادائیگی میں تاخیر کی رعایت سے معیشت کی بحالی پر مثبت اثرات مرتب ہوں گے۔

مجموعی معاشی تقاضا اور کاروباری لاگت میں اضافہ کے ساتھ بڑے پیمانے پر صنعت کاری میں کمی اور منتشر طلب کی وجہ سے گزشتہ برس میں 140.04 ملین روپے آپریٹنگ منافع کے مقابلہ میں 36.31 آپریٹنگ خسارہ درج ہوا۔ حالیہ بحران کے دوران یہ نتائج ملک میں موجودہ معاشی حالت کی عکاسی کرتے ہیں۔ جولائی 2019 سے مارچ 2020ء کے دوران زیادہ پالیسی ریٹ کی وجہ سے قرضوں کی لاگت میں اضافہ کے ساتھ آپریٹنگ خسارہ گزشتہ برس میں 43.3 ملین روپے منافع کے مقابلہ میں 140 ملین روپے خسارہ علاوہ ٹیکس رپورٹ کرتا ہے۔ اسی مدت میں فی حصص خسارہ 16.24 روپے (2019: 5.02 روپے) رہا۔

کاروبار اور مالیاتی کارکردگی

ٹیکسٹائل کی صنعت کی وجہ سے آپ کی کمپنی بنیادی طور پر کاٹن اور پولیسٹر دھاگے کی تیاری کے ساتھ منسلک ہے۔ پیداواری و فروخت کے اعداد و شمار حسب ذیل ہیں:

فروخت و پیداوار اعداد میں جھکاؤ لاگ ڈاؤن کی وجہ سے آپریٹنگ بندش/غیر پیداوار ایام (NPD) سے منسوب ہے جس سے نفع براہ راست متاثر ہوا تاہم مثبت کاروباری سگرمی اور موثر منصوبہ بندی سے اس وبا کے مضمرات کو واضح طور پر کم کیا گیا ہے۔

گزشتہ برس کے مقابلہ میں 30 جون 2020ء کو اختتام پذیر سال کے لئے آپ کی کمپنی کی مالیاتی کارکردگی حسب ذیل ہے:

انکم اسٹیٹمنٹ	2020	2019	فی صد فرق
(ملین روپوں میں)			
فروخت	4,175	5,291	-21.10%
مجموعی منافع	94.8	234.1	-59.49%
آپریٹنگ منافع	(36.3)	140.0	-125.93%
قرضوں پر لاگت	(57.5)	(42.9)	34.08%
نفع بمعہ ٹیکسیشن	(93.8)	97.1	-196.63%
ٹیکسیشن	(46.3)	(53.7)	-13.75%
خالص منافع	(140.2)	43.3	-423.15%
فی حصص آمدنی	(16.23)	5.02	

آمدنی

زیر جائزہ سال کے دوران ہماری خالص سیلز گزشتہ برس کے مقابلہ میں 4,175 ملین روپے یعنی 21.1 فی صد تک گر گئیں۔ اسے سخت لاگ ڈاؤن کی وجہ سے بند آپریٹنگ سے منسوب کیا گیا ہے۔ قومی مارکیٹ اور تیز قرض خواہ بحالی دورانیہ میں ہماری مصنوعات کی متقابل قیمتوں کی وجہ سے گزشتہ سال کے مقابلہ میں زیر جائزہ مدت کے دوران برآمدی فروخت میں بھی کمی واقع ہوئی۔ گزشتہ برس کے مقابلہ میں 30 جون 2020ء کو اختتام پذیر مالیاتی سال کے لئے آپ کی کمپنی کے سیلز اعداد و شمار مندرجہ ذیل ہیں:

فروخت پر لاگت

زیر جائزہ مالیاتی سال کے دوران توانائی کی صورتحال مقابلہ متحکم تھی اور LNG متعارف کرانے کی وجہ سے گیس کی مسلسل ترسیل ہوئی۔ تاہم، اس وجہ سے توانائی کی پیداواری لاگت میں اضافہ ہوا اور بجلی کی فی یونٹ قیمت بڑھ گئی۔ واپڈ اور گیس سے پیدا کیے جانے والے اپنی ضروریات پوری کر رہے ہیں۔ مزید برآں، مہنگے خام مال، شرح مبادلہ میں اتار چڑھاؤ اور لاگ ڈاؤن کے دوران غیر پیداواری ایام (NPD) میں مستقل لاگت کی وجہ سے سیلز کی لاگت میں اضافہ ہوا۔

مجموعی منافع

آپ کی کمپنی نے گزشتہ برس 4.43 فی صد مجموعی منافع کے مقابلہ میں زیر جائزہ مالیاتی سال کے لئے 2.27 فی صد مجموعی منافع حاصل کیا۔ اس کی کو NPD اور لاگ ڈاؤن کی وجہ سے مستقل لاگت سے منسوب کیا جاتا ہے۔ تاہم موثر منصوبہ بندی اور وسائل کے انتظام سے نفع میں کمی واقع ہوئی۔

مشہور تھے۔ ہمیں یقین ہے کہ جو دراشت انہوں نے چھوڑی ہے اس کو مزید استحکام حاصل ہوگا۔ خاندان بلکہ دوستوں، کاروباری ساتھیوں اور خصوصاً اپنے دور ملازمت میں ان کے قریبی رفقاء میں ان کی کمی شدت سے محسوس کی جائے گی۔

کاروباری و سماجی ذمہ داری (CSR)

آپ کی کمپنی ایک ذمہ دار کاروباری شہری ہے اور معاشرے اور کمیونٹی کی بہتری کے لئے کمپنی اپنی ذمہ داریوں سے بخوبی آگاہ ہے۔ آپ کی توجہ کا مرکز بنیادی طور پر تعلیم، صحت، کمیونٹی کی فلاح، خواتین کی خود مختاری اور ماحولیاتی تحفظ کے شعبے ہیں۔ تاہم، رواں مالیاتی سال میں واضح مالیاتی بحران کی وجہ سے آپ کی کمپنی خیراتی مقاصد اور فلاح و بہبود پر رقم صرف کرنے سے قاصر رہی۔

رиск مینجمنٹ

کمپنی کوئی خطرات و خدشات درپیش ہیں اور بچاؤ کی حکمت عملی کے ہمراہ ان کا خلاصہ مندرجہ ذیل ہے:

سٹرٹجک رиск:

بجلی، گیس اور توانائی پیدا کرنے والے متبادل ذرائع کی دستیابی اور قومی مقابلے میں جیسے اسٹرٹجک خدشات/خطرات کی لگاتار گہرائی جاتی ہے۔ کمپنی کا توسیعی منصوبہ اور نمو کے اہداف پر مبنی کے بدلتے حالات کو مد نظر رکھ کر نظر ثانی کی جاتی ہے۔ معاشی اشاریوں میں تبدیلی، حکومتی پالیسیوں میں عدم استحکام/ضروری تبدیلیوں اور قدرتی گیس، بجلی اور ایندھن کی قیمتوں میں اضافہ کی وجہ سے پیداوار لاگت میں نمایاں اضافہ ہوا ہے۔ جس کی مرہونگاری کی جاتی ہے اور حسب ضابطہ کارروائی کی جاتی ہے۔ بچاؤ کی موزوں حکمت عملی مرتب کی گئی ہے تاکہ ان خطرات کے اثرات کو قابل قبول سطح پر کم کیا جاسکے۔

آپریٹنگ رиск

تسلسل، پائیداری اور کاروبار میں خلل سے بچنے کے لئے بڑے بحرانوں کی صورت میں پیداواری اور سٹورز آپریشنز کو جاری رکھنے کی غرض سے تسلسل اور آفات سے بحالی کے منصوبے مرتب کئے گئے ہیں۔ خام مال کے ذرائع، فراہمی کی مناسب تفریق، اپنے پلائس میں توانائی پیدا کرنے میں خود مختاری، مؤثر سپلائی چین اور نقل و حمل کے افعال ہمیں آپریٹنگ رиск سے نبرد آزما ہونے کے قابل بناتے ہیں۔

مالیاتی خطرات

سب سے بڑا مالیاتی رиск شرح مبادلہ میں اتار چڑھاؤ ہے جس کی وجہ سے ہمارے خام مال اور پیداواری لاگت میں اضافہ ہوتا ہے۔ کمپنی اس صورت حال سے آگاہ ہے اور کم سے کم اثر کو یقینی بنانے کے لئے ایسے اتار چڑھاؤ کی نگرانی کرتی ہے۔ سخت مالیاتی نظم و ضبط، کیش فلو مینجمنٹ اور ہر ممکن حد تک بہترین جگہوں پر دستیاب رقم کی سرمایہ داری سے مالیاتی رиск کو کم کرنے میں مدد ملتی ہے۔

تعمیل کے خدشات/خطرات

قوانین و ضوابط کی مؤثر تعمیل اور شفاف مالیاتی رپورٹنگ فریم ورک کی وجہ سے کمپنی ممکنہ طور پر تعمیل خدشات/خطرات سے کم متاثر ہوتی ہے۔ بورڈ کمپنی میں رиск مینجمنٹ اور تعمیل کلچر کی حوصلہ افزائی کرتا ہے۔ کمپنی کے خلاف درج مقدمات پر مشتمل قانونی کارروائی کے خدشات/خطرات کو معروف لافرمز کے ماہرین کے ذریعے پٹنا جاتا ہے۔

ماحولیاتی اثرات

آپ کی کمپنی اپنے آپریشنز کے ہر شعبہ میں ماحول کے تحفظ پر انتہائی ذمہ داری کا مظاہرہ کرتی ہے۔ ماحولیاتی تحفظ کی اہمیت کو اجاگر کرنے اور ذمہ دار کاروباری شہری بننے کے لئے آپ کی کمپنی نے صنعتی مقامات کے اندر اور اس کے ارد گرد شجرکاری مہم کا آغاز کیا ہے اور ماحولیاتی تحفظ پر بھرپور توجہ دے رہی ہے۔ آپ کی کمپنی پانی کے قیمتی ذرائع کو انتہائی ذمہ داری سے کم ترین استعمال پر یقین رکھتی ہے۔ اپنے

آپریٹنگ اخراجات

زیر جائزہ سال کے دوران آپریٹنگ اخراجات میں 23.49 فی صد کا نمایاں اضافہ ہوا۔ انتظامات کی وضع اور تقسیمی لاگت گذشتہ برس کے مقابلہ میں زیادہ تر متوازن اور رواں برس کے کاروباری رجحانات کے مطابق رہی۔ ان اشاریوں میں اضافہ افراد زر کے مطابق تھا۔ تاہم دیگر فعالی اخراجات میں اضافہ مقامی کرنسی کی تیزی سے بے قدری کی وجہ سے غیر ملکی کرنسی میں قرضوں پر برداشت کئے جانے والے زرمبادلہ خسارہ اور قرض خواہان سے تاخیری ادائیگی کی وجہ سے IFRS-9 کے مطابق متوقع کریڈٹ خسارہ سے منسوب کیا جاتا ہے جس کے نتیجے میں IFRS-9 معیارات پر عمل کرنا پڑنا۔

IFRS-9 کے مطابق، ”متوقع کریڈٹ خسارہ میں ادائیگی کی رقم اور وقت شامل ہے۔ کریڈٹ میں خسارہ اُس وقت بھی سامنے آ جاتا ہے جب ادارہ مقررہ تاریخ کے بعد کل ادائیگی کی توقع رکھتا ہے۔“

قرض پر لاگت

زیر جائزہ سال کے دوران 9 ماہ کے لئے زیادہ پالیسی شرح کی وجہ سے قرضوں کی لاگت میں 34.08 فی صد نمایاں اضافہ ہوا۔ وبائے متاثرہ معیشت کو سنبھال دینے کے لئے اسٹیٹ بینک آف پاکستان کی جانب سے ریلیف اقدامات کی مدد میں اپریل 2020ء سے پالیسی کی شرح میں کمی واقع ہونا شروع ہوئی۔ لہذا آخری سہ ماہی کے دوران پالیسی کی شرح نمایاں طور پر 550 بیس پوائنٹس (40.7 فی صد) کم کی گئی۔

خالص منافع

منتشر طلب، سخت لاک ڈاؤن اور مجموعی طور پر غیر مستحکم معاشی صورت حال سے کمپنی کو آخری سہ ماہی میں بھاری نقصان اٹھانا پڑا جس کی وجہ سے کمپنی نے گذشتہ برس 97.11 ملین روپے منافع کے مقابلہ میں رواں مالیاتی سال کے دوران 93.86 ملین روپے خسارہ بمعہ ٹیکس درج کیا۔ اسی طرح سے کمپنی نے گذشتہ برس 43.38 ملین روپے منافع کے مقابلہ میں 140.2 ملین روپے خسارہ علاوہ ٹیکس درج کیا۔

فی حصص آمدنی

30 جون 2020ء کو اختتام پذیر سال کے لئے آپ کی کمپنی کا فی حصص خسارہ 16.23 روپے رہا جب کہ گذشتہ برس 5.02 روپے آمدنی فی حصص ریکارڈ کی گئی۔

منافع منقسمہ اور تصرفات

حالیہ معاشی منظر نامہ کو دیکھتے ہوئے بورڈ نے رواں سال کے لئے نقد منافع منقسمہ کی تجویز کو رد کر دیا ہے۔ یہ حکمت عملی اس بحرانی کیفیت میں ضروری سرمایہ کو برقرار رکھنے کے لئے مالی استحکام کے عزم کے عین مطابق ہے۔ رواں سال کے لئے فی حصص بریک ویلیو 61.76 روپے ہے (2019: 78.29 روپے)

آپ کی کمپنی کے ڈائریکٹرز لیکچرینرز (کوڈ آف کارپوریٹ گورننس) ضوابط 2019 اور پاکستان سٹاک ایکسچینج کے قواعد کے تحت اپنی ذمہ داری سے بخوبی آگاہ ہیں۔ آپ کی کمپنی نے بہتر کارپوریٹ گورننس اور ضابطہ کی تعمیل کو یقینی بنانے کے لئے تمام ضروری اقدامات اٹھائے ہیں اور ہم مندرجہ ذیل کی تصدیق کرتے ہیں:

- کمپنی کی انتظامیہ کی تیار کردہ مالیاتی اسٹیٹمنٹس کمپنی کے کاروباری امور، آپریشنز کے نتائج، کیش فلو اور ایکویٹی میں تبدیلی کی بہترین عکاسی کرتی ہیں۔
- کمپنی کے کھاتوں کی باقاعدہ کتابیں تیار کی گئی ہیں۔
- مالیاتی اسٹیٹمنٹس کی تیاری میں موزوں اکاؤنٹنگ پالیسیوں کا مسلسل اطلاق کیا گیا ہے اور اکاؤنٹنگ تخمینہ جات مناسب اور معقول فیصلوں کی بنیاد پر لگے جاتے ہیں۔
- مالیاتی اسٹیٹمنٹس کی تیاری میں پاکستان میں لاگو بین الاقوامی مالیاتی رپورٹنگ معیارات کی پیروی کی گئی ہے اور اس میں کسی بھی قسم کے عدم اظہار کو واضح طور پر بیان کیا گیا ہے۔
- داخلی نظم و ضبط کا ایک مربوط نظام موجود ہے اور اس کو موثر انداز میں لاگو اور مانیٹر کیا جاتا ہے۔
- کمپنی کی کاروبار جاری رکھنے کی صلاحیت میں کوئی نمایاں ابہام موجود نہ ہے۔
- لسٹنگ ریگولیشنز میں بیان کردہ کارپوریٹ گورننس کی بہترین عمل داری میں کوئی کمی نہیں ہے۔
- مالیاتی اسٹیٹمنٹس میں بیان کردہ واجبات کے علاوہ ٹیکس، ڈیوٹی، لیوی اور چارجز کی مد میں تمام قانونی ادائیگیاں کردی گئی ہیں۔
- شیئر ہولڈنگ کی وضع کو اس سالانہ رپورٹ کا حصہ بنایا گیا ہے۔
- گزشتہ چھ سال کا اہم آپریننگ اور مالیاتی ڈیٹا کا خلاصہ یہاں منسلک کیا گیا ہے۔

ڈائریکٹرز اور بورڈ کے اجلاس

STML کا بورڈ 7 (مرد) 1 (عورت) ڈائریکٹرز پر مشتمل ہے۔ بورڈ کی ترکیب مندرجہ ذیل ہے:

نمبر شمار	درجہ	نام
1	آزاد ڈائریکٹرز	مسٹر شاہد ارشد مسز منال مشال آدم جی *
2	نان ایگزیکٹو ڈائریکٹرز	مسٹر محمد انور (چیئر مین) مسٹر خرم مظہر کریم مسٹر عادل بشیر مسٹر محمد شفیق گل مسٹر شارق بشیر *
3	ایگزیکٹو ڈائریکٹرز	مسٹر خالد بشیر (CEO) مسٹر آصف بشیر

* مسٹر شارق بشیر 30 مئی 2020ء کو بورڈ سے ریٹائر ہوئے اور مسز منال مشال آدم جی نے بورڈ آف ڈائریکٹرز میں شمولیت اختیار کی۔

آڈیٹرز

رواں مالیاتی سال 2019-20 کے لئے کمپنی کی مالیاتی اسٹیمٹس کا میسرز ریاض احمد اینڈ کو چارٹرڈ اکاؤنٹنٹس نے آڈٹ کیا ہے۔ آڈیٹرز سالانہ اجلاس عام کے اختتام پر ریٹائر ہو جائیں گے۔ اہلیت کی بنا پر انہوں نے اپنی دوبارہ تقرری کی پیشکش کی ہے۔ بورڈ آف ڈائریکٹرز نے اگلے سال کے لئے آڈٹ کمپنی کی سفارش پر میسرز ریاض احمد اینڈ کو چارٹرڈ اکاؤنٹنٹس کی بطور آڈیٹر تقرری کی تجویز دی ہے۔ جو آئندہ سالانہ اجلاس عام میں اراکین کی منظوری سے مشروط ہے۔

مابعد اثرات

مالیاتی سال کے اختتام اور اس رپورٹ کے اجرا کے درمیانی وقفہ میں کسی بھی قسم کی مادی تبدیلی سے کمپنی کی مالیاتی حالت پر کوئی اثر نہ پڑا ہے۔

شیئر ہولڈنگ کی وضع

30 جون 2020 تک کمپنیز ایکٹ 2017 کے سیکشن (f)(2)227 کے تحت کمپنی کی شیئر ہولڈنگ کی وضع اس رپورٹ کے صفحہ XX میں فراہم کی گئی ہے۔

مستقبل کا منظر نامہ

زیر جائزہ سال کے دوران کمپنی کی برآمدات میں گزشتہ برس کے مقابلہ میں کمی واقع ہوئی ہے۔ ہمارے بڑے صارفین چین کی امریکہ کے ساتھ عالمی تجارتی جنگ کی وجہ سے ہماری مصنوعات کی طلب بہت کم ہو گئی ہے۔

کاروباری لاگت میں بھی اضافہ کا رجحان جاری ہے۔ خام مال کی ترسیل غیر مستحکم قیمتوں کے ساتھ بے یقینی کی صورت حال سے دوچار ہے۔ توانائی کی لاگت بھی ایک پہلو ہے جس کی وجہ سے پیداواری لاگت میں اضافہ ہو رہا ہے کیونکہ سہولیات کی قیمتوں میں اضافہ جاری ہے۔ تیل کی قیمتوں میں اضافہ کی وجہ سے پولیٹرسٹر فائبر کی قیمتیں آسمان کو چھو رہی ہیں۔ کاشت کاری کا موسم آچکا ہے لیکن معیار بہت ناقص ہے اور قیمتوں میں عدم استحکام ہے۔ تاہم، پاکستانی روپے کی قدر میں کمی کی وجہ سے ہماری تیار مصنوعات مقابلہ کر سکتی ہیں۔ پاکستان کو تیار مصنوعات کی پیداوار میں سرمایہ داری کی ضرورت ہے لیکن جنرل سلیزنگس کے اطلاق پر قرضوں پر زیادہ لاگت اور غیر متوقع شرح مبادلہ کی وجہ سے سرمایہ داروں کا اعتماد کم ہوا ہے۔

پاکستان اس وقت داخلی و خارجی سطح پر شدید معاشی بحران سے دوچار ہے۔ معاشی ابتری کی وجہ سے صنعت کاری کا شعبہ شدید مشکلات کا سامنا کر رہا ہے۔ ملک کو برآمدی شعبہ میں انقلابی اصلاحات لانی ہوں گی کیونکہ صرف برآمدات نمو میں اضافہ کرتی ہیں جس سے معیشت بحالی کی جانب گامزن ہوگی۔

آپ کی کمپنی اپنی بنیادی صلاحیتوں اور انتظامی تجربہ پر انحصار جاری رکھے گی تاکہ منفی اثرات کو محدود کیا جاسکے اور اپنے سٹیک ہولڈرز کی توقعات کے عین مطابق کارکردگی دکھائی جاسکے۔

اعترافات

بورڈ آف ڈائریکٹرز کی جانب سے میں اس موقع پر اپنے تمام پائٹرز اور ملازمین کی مسلسل حمایت کا شکریہ ادا کرتا ہوں۔ میں بورڈ کی گراں قدر دوراندیشی اور رہنمائی پر اس کی حوصلہ افزائی کرتا ہے۔

موافق داخلی اور مالیاتی نظم و ضبط

بورڈ آف ڈائریکٹرز نے داخلی اور مالیاتی نظم و ضبط کا ایک موثر نظام قائم کیا ہے تاکہ مندرجہ ذیل کو یقینی بنایا جاسکے:

- آپریشنز پر موثر عمل درآمد
- کمپنی کے اثاثہ جات کا تحفظ
- لاگو قوانین و ضوابط کی تعمیل
- قابل بھروسہ مالیاتی رپورٹنگ

غش ٹیکسٹائل ملز لمیٹڈ کا خود مختار داخلی آڈٹ فنکشن میسرز رضوان اینڈ کو چارٹرڈ اکاؤنٹنٹس کو سونپا گیا ہے جو معیاری آپریٹنگ طریقہ ہائے کار اور متعلقہ مالیاتی کنٹرولز کی باقاعدگی سے نگرانی کرتا ہے۔

داخلی آڈٹ پلان کے مطابق داخلی آڈٹ رپورٹ آڈٹ کمپنی کو پیش کی جاتی ہے۔ آڈٹ کمپنی اپنے اجلاس میں اس داخلی کنٹرول فریم اور مالیاتی اسٹیمٹس کی تائید کا جائزہ لیتی ہے۔

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF SHAMS TEXTILE MILLS LIMITED

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of Shams Textile Mills Limited (the Company) for the year ended 30 June 2020 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Following instances of non-compliance with the requirements of the Regulations were observed which are not stated in the Statement of Compliance:

- (i) Composition of the audit committee is not as per the requirements of the regulation 27(1) of the Regulations as one of the members of the audit committee is an executive director. Further, the audit committee does not include an independent director, hence chairman of the audit committee is not an independent director. Moreover, no meeting of the audit committee was held during the first quarter of the year ended 30 June 2020.
- (ii) Only one member of the Board is an independent director instead of atleast two independent directors required by regulation 6 of the Regulations.

Based on our review, except for the above instances of non-compliance, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2020.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2020 and of the loss, other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the Key audit matters:

Sr. No.	Key audit matters	How the matters were addressed in our audit
1.	<p>Inventory existence and valuation</p> <p>Inventory as at 30 June 2020 amounted to Rupees 697.452 million and represented a material position in the statement of financial position, break up of which is as follows:</p> <ul style="list-style-type: none"> - Stores and spare parts amounting to Rupees 63.053 million - Stock-in-trade amounting to Rupees 634.399 million <p>The business is characterized by high volume serial production and the valuation and existence of inventories are significant to the business. Therefore, considered as one of the key audit matters.</p> <p>Inventories are stated at lower of cost and net realizable value. Cost is determined as per accounting policy disclosed in Note 2.11 to the financial statements.</p> <p>At year end, the valuation of inventory is reviewed by management and the cost of inventory is reduced where inventory is forecast to be sold below cost.</p> <p>Useable stores and spares parts are valued at moving average cost, raw materials are valued at weighted average cost whereas, costing of work-in-process and finished goods is considered to carry more significant risk as the cost of material, labor and manufacturing overheads is allocated on the basis of complex formulas and involves management judgment.</p> <p>The determination of whether inventory will be realised for a value less than cost requires management to exercise judgement and apply assumptions. Management undertake the following procedures for determining the level of write down required:</p> <ul style="list-style-type: none"> • Use inventory ageing reports together with historical trends to estimate the likely future saleability of slow moving and older inventory items. • Perform a line-by-line analysis of remaining inventory to ensure it is stated at the lower of cost and net realisable value and a specific write down is recognized, if required. 	<p>Our procedures over existence and valuation of inventory included, but were not limited to:</p> <ul style="list-style-type: none"> • To test the quantity of inventories at all locations, we assessed the corresponding inventory observation instructions and participated in inventory counts on sites. Based on samples, we performed test counts and compared the quantities counted by us with the results of the counts of the management; • For a sample of inventory items, re-performed the weighted average cost calculation and compared the weighted average cost appearing on valuation sheets; • We tested that the ageing report used by management correctly aged inventory items by agreeing a sample of aged inventory items to the last recorded transaction; • On a sample basis, we tested the net realizable value of inventory items to recent selling prices and re-performed the calculation of the inventory write down, if any; • We assessed the percentage write down applied to older inventory with reference to historic inventory write downs and recoveries on slow moving inventory; • In the context of our testing of the calculation, we analyzed individual cost components and traced them back to the corresponding underlying documents. We furthermore challenged changes in unit costs; • We also made enquires of management, including those outside of the finance function, and considered the results of our testing above to determine whether any specific write downs were required.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we

conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in the Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditor's report is Mubashar Mehmood.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all years presented, unless otherwise stated:

2.1 Basis of preparation

a) Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

b) Accounting convention

These financial statements have been prepared under the historical cost convention except as otherwise stated in the respective accounting policies.

c) Critical accounting estimates and judgements

The preparation of financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgement in the process of applying the Company's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The areas where various assumptions and estimates are significant to the Company's financial statements or where judgements were exercised in application of accounting policies are as follows:

Useful lives, patterns of economic benefits and impairments

Estimates with respect to useful lives and pattern of flow of economic benefits are based on the analysis of the management of the Company. Further, the Company reviews the value of assets for possible impairment on an annual basis. Any change in the estimates in the future might affect the carrying amount of respective item of property, plant and equipment with a corresponding effect on the depreciation charge and impairment.

Inventories

Net realizable value of inventories is determined with reference to currently prevailing selling prices less estimated expenditure to make sales.

Taxation

In making the estimates for income tax currently payable by the Company, the management takes into account the current income tax law and the decisions of appellate authorities on certain issues in the past.

Future estimation of export sales

Deferred income tax calculation has been based on estimate of future ratio of export and local sales.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

Allowance for expected credit loss

The allowance for expected credit loss assessment requires a degree of estimation and judgement. It is based on the lifetime expected credit loss, grouped based on days overdue, and makes assumptions to allocate an overall expected credit loss rate for each group. These assumptions include recent sales experience and historical collection rates.

Revenue from contracts with customers involving sale of goods

When recognizing revenue in relation to the sale of goods to customers, the key performance obligation of the Company is considered to be the point of delivery of the goods to the customer, as this is deemed to be the time that the customer obtains control of the promised goods and therefore the benefits of unimpeded access.

Provisions

As the actual outflows can differ from estimates made for provisions due to changes in laws, regulations, public expectations, technology, prices and conditions, and can take place many years in the future, the carrying amounts of provisions are reviewed at each reporting date and adjusted to take account of such changes. Any adjustments to the amount of previously recognised provision is recognised in the statement of profit or loss unless the provision was originally recognised as part of cost of an asset.

d) Standard, interpretations and amendments to published approved accounting standards that are effective in current year and are relevant to the Company

Following standard, interpretation and amendments to published approved accounting standards are mandatory for the Company's accounting periods beginning on or after 01 July 2019:

- IFRS 16 'Leases'
- IFRS 9 (Amendments) 'Financial Instruments'
- IFRIC 23 'Uncertainty over Income Tax Treatments'
- IASB's Annual Improvements to IFRSs: 2015-2017 Cycle

The above mentioned accounting standards did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

e) Standard and amendments to published approved accounting standards that are effective in current year but not relevant to the Company

There are other standard and amendments to published standards that are mandatory for accounting period beginning on or after 01 July 2019 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

f) Amendments to published approved accounting standards that are not yet effective but relevant to the Company

Following amendments to existing standards have been published and are mandatory for the Company's accounting periods beginning on or after 01 July 2020 or later periods:

Amendments to IAS 1 'Presentation of Financial Statements' and IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' (effective for annual periods beginning on or after 01 January 2020). The amendments are intended to make the definition of material in IAS 1 easier to understand and are not intended to alter the underlying concept of materiality in IFRS. In addition, the IASB has also issued guidance on how to make materiality judgements when preparing general purpose financial statements in accordance with IFRS.

On 29 March 2018, the International Accounting Standards Board (the IASB) has issued a revised Conceptual Framework. The new Framework: reintroduces the terms stewardship and prudence; introduces a new asset definition that focuses on rights and a new liability definition that is likely to be broader than the definition it replaces, but does not change the distinction between a liability and an equity instrument; removes from the asset and liability definitions references to the expected flow of economic benefits this lowers the hurdle for identifying the existence of an asset or liability and puts more emphasis on reflecting uncertainty in measurement; discusses historical cost and current value measures, and provides some guidance on how the IASB would go about selecting a measurement basis for a particular asset or liability; states that the primary measure of financial performance is profit or loss, and that only in exceptional circumstances will the IASB use other comprehensive income and only for income or expenses that arise from a change in the current value of an asset or liability; and discusses uncertainty, derecognition, unit of account, the reporting entity and combined financial statements. The Framework is not an IFRS standard and does not override any standard, so nothing will change in the short term. The revised Framework will be used in future standard-setting decisions, but no changes will be made to current IFRS. Preparers might also use the Framework to assist them in developing accounting policies where an issue is not addressed by an IFRS. It is effective for annual periods beginning on or after 1 January 2020 for preparers that develop an accounting policy based on the Framework.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

Interest Rate Benchmark Reform which amended IFRS 9 'Financial Instruments', IAS 39 'Financial Instruments: Recognition and Measurement' and IFRS 7 'Financial Instruments: Disclosures' is applicable for annual financial periods beginning on or after 1 January 2020. The G20 asked the Financial Stability Board (FSB) to undertake a fundamental review of major interest rate benchmarks. Following the review, the FSB published a report setting out its recommended reforms of some major interest rate benchmarks such as IBORs. Public authorities in many jurisdictions have since taken steps to implement those recommendations. This has in turn led to uncertainty about the long-term viability of some interest rate benchmarks. In these amendments, the term 'interest rate benchmark reform' refers to the market-wide reform of an interest rate benchmark including its replacement with an alternative benchmark rate, such as that resulting from the FSB's recommendations set out in its July 2014 report 'Reforming Major Interest Rate Benchmarks' (the reform). The amendments made provide relief from the potential effects of the uncertainty caused by the reform. A company shall apply the exceptions to all hedging relationships directly affected by interest rate benchmark reform.

Classification of liabilities as current or non-current (Amendments to IAS 1 'Presentation of Financial Statements') effective for the annual period beginning on or after 1 January 2022. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

Onerous Contracts Cost of Fulfilling a Contract (Amendments to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets') effective for the annual period beginning on or after 1 January 2022 amends IAS 1 'Presentation of Financial Statements' by mainly adding paragraphs which clarify what comprise the cost of fulfilling a contract. Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application.

Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16 'Property, Plant and Equipment') effective for the annual period beginning on or after 1 January 2022. Clarifies that sales proceeds and cost of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc, are recognized in profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2 'Inventories'. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented.

The following annual improvements to IFRS standards 2018-2020 are effective for annual reporting periods beginning on or after 1 January 2022.

- IFRS 9 'Financial Instruments' - The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.
- IFRS 16 'Leases' - The amendment partially amends Illustrative Example 13 accompanying IFRS 16 'Leases' by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.

The above amendments and improvements do not have a material impact on the financial statements.

g) Standards and amendments to approved published standards that are not yet effective and not considered relevant to the Company

There are other standards and amendments to published standards that are mandatory for accounting periods beginning on or after 01 July 2020 but are considered not to be relevant or do not have any significant impact on the Company's financial statements and are therefore not detailed in these financial statements.

2.2 Property, plant and equipment

Owned

Property, plant and equipment except freehold land and capital work-in-progress are stated at cost less accumulated

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

depreciation and any identified impairment loss. Freehold land and capital work-in-progress are stated at cost less any identified impairment loss. Cost of operating fixed assets comprises historical cost, borrowing cost pertaining to erection / construction period of qualifying assets and other directly attributable costs of bringing the assets to working condition.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefit associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are charged to statement of profit or loss during the period in which they are incurred.

Depreciation is charged to statement of profit or loss applying the reducing balance method so as to write off the cost of the assets over their estimated useful life at the rates given in note 12.1 to the financial statements. Depreciation on additions is charged from the month in which the asset is put to use, while for disposals depreciation is charged upto the month of disposal.

Useful life of assets are reviewed at each financial year end and if expectations differ from previous estimates the change is accounted for as change in accounting estimate in accordance with IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors'.

An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset is included in the statement of profit or loss in the year the asset is de-recognized.

2.3 IFRS 16 "Leases"

The Company has adopted IFRS 16 from 01 July 2019. The standard replaces IAS 17 'Leases' and for lessees eliminates the classifications of operating leases and finance leases. Except for short-term leases and leases of low-value assets, right-of-use assets and corresponding lease liabilities are recognized in the statement of financial position. Straight-line operating lease expense recognition is replaced with a depreciation charge for the right-of-use assets (included in operating costs) and an interest expense on the recognized lease liabilities (included in finance costs). In the earlier periods of the lease, the expenses associated with the lease under IFRS 16 will be higher when compared to lease expenses under IAS 17, as the operating expense is now replaced by interest expense and depreciation in the statement of profit or loss. For classification within the statement of cash flows, the interest portion is disclosed in operating activities and the principal portion of the lease payments are separately disclosed in financing activities. For lessor accounting, the standard does not substantially change how a lessor accounts for leases.

The adoption of IFRS 16 has no financial impact on the financial statements of the Company.

Right-of-use assets

A right-of-use asset is recognized at the commencement date of a lease. The right-of-use asset is measured at cost, which comprises the initial amount of the lease liability, adjusted for, as applicable, any lease payments made at or before the commencement date net of any lease incentives received, any initial direct costs incurred, and, except where included in the cost of inventories, an estimate of costs expected to be incurred for dismantling and removing the underlying asset, and restoring the site or asset.

Right-of-use assets are depreciated on a straight-line basis over the unexpired period of the lease or the estimated useful life of the asset, whichever is shorter. Where the Company expects to obtain ownership of the leased asset at the end of the lease term, the depreciation is charged over its estimated useful life. Right-of-use assets are subject to impairment or adjusted for any re-measurement of lease liabilities.

The Company has elected not to recognize a right-of-use asset and corresponding lease liability for short-term leases with terms of 12 months or less and leases of low-value assets. Lease payments on these assets are charged to income as incurred.

Lease liabilities

A lease liability is recognized at the commencement date of a lease. The lease liability is initially recognized at the present value of the lease payments to be made over the term of the lease, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company's incremental borrowing rate. Lease payments comprise of fixed payments less any lease incentives receivable, variable lease payments that depend on an index or a rate, amounts expected to be paid under residual value guarantees, exercise price of a purchase option when the exercise of the option is reasonably certain to occur, and any anticipated termination penalties. The variable lease payments that do not depend on an index or a rate are expensed in the period in which they are incurred.

Lease liabilities are measured at amortised cost using the effective interest method. The carrying amounts are re-measured if there is a change in the following: future lease payments arising from a change in an index or a rate used; residual guarantee; lease term; certainty of a purchase option and termination penalties. When a lease liability is re-measured, an adjustment is made to the corresponding right-of-use asset, or to statement of profit or loss if the carrying amount of the right-of-use asset is fully written down.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

2.4 Impairment of non-financial assets

Assets that have an indefinite useful life are not subject to depreciation and are tested annually for impairment. Assets that are subject to depreciation are reviewed for impairment at each statement of financial position date or whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount for which assets carrying amount exceeds its recoverable amount. Recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at each reporting date. Reversals of the impairment losses are restricted to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortization, if impairment losses had not been recognized. An impairment loss or reversal of impairment loss is recognized in the statement of profit or loss.

2.5 Investments and other financial assets

a) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those to be measured at amortized cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income. The Company reclassifies debt investments when and only when its business model for managing those assets changes.

b) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

Amortized cost

Financial assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Interest income from these financial assets is included in other income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other income / (other expenses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the statement of profit or loss.

Fair value through other comprehensive income (FVTOCI)

Financial assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through other comprehensive income, except for the recognition of impairment losses (and reversal of impairment losses), interest income and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss and recognised in other income / (other expenses). Interest income from these financial assets is included in other income using the effective interest rate method. Foreign exchange gains and losses are presented in other income / (other expenses) and impairment losses are presented as separate line item in the statement of profit or loss.

Fair value through profit or loss (FVTPL)

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt instrument that is subsequently measured at FVTPL is recognised in profit or loss and presented net within other income / (other

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

expenses) in the period in which it arises.

Equity instruments

The Company subsequently measures all equity investments at fair value for financial instruments quoted in an active market, the fair value corresponds to a market price (level 1). For financial instruments that are not quoted in an active market, the fair value is determined using valuation techniques including reference to recent arm's length market transactions or transactions involving financial instruments which are substantially the same (level 2), or discounted cash flow analysis including, to the greatest possible extent, assumptions consistent with observable market data (level 3).

Fair value through other comprehensive income (FVTOCI)

Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Fair value through profit or loss

Changes in the fair value of equity investments at fair value through profit or loss are recognised in other income / (other expenses) in the statement of profit or loss as applicable.

Dividends from such investments continue to be recognised in profit or loss as other income when the Company's right to receive payments is established.

2.6 Financial liabilities classification and measurement

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in statement of profit or loss. Any gain or loss on de-recognition is also included in profit or loss.

2.7 Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its debt instruments carried at amortised cost and FVTOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade debts and other receivables, the Company applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

2.8 De-recognition of financial assets and financial liabilities

a) Financial assets

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred, or it neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control over the transferred asset. Any interest in such derecognized financial assets that is created or retained by the Company is recognized as a separate asset or liability.

b) Financial liabilities

The Company derecognizes a financial liability (or a part of financial liability) from its statement of financial position when the obligation specified in the contract is discharged or cancelled or expires.

2.9 Offsetting of financial instruments

Financial assets and financial liabilities are set off and the net amount is reported in the financial statements when there is a legal enforceable right to set off and the Company intends either to settle on a net basis or to realize the assets and to settle the liabilities simultaneously.

2.10 Investments in associates - (with significant influence)

Investments in associates over which the Company has significant influence are accounted for using the equity method. In case of investments accounted for under the equity method, the method is applied from the date when significant influence is established until the date when that significant influence ceases.

2.11 Inventories

Inventories, except for stock in transit and waste stock are stated at lower of cost and net realizable value. Cost is determined as follows:

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

Stores and spare parts

These are valued at moving average cost except for items in transit, which are valued at cost comprising invoice value plus other charges paid thereon. Provision is made against slow moving and obsolete items.

Stock-in-trade

Cost of raw material, work-in-process and finished goods is determined as follows:

- | | |
|--|---|
| (i) For raw materials: | At weighted average cost. |
| (ii) For work-in-process and finished goods: | At average manufacturing cost including a proportion of production overheads. |

Materials in transit are valued at cost comprising invoice value plus other charges paid thereon. Waste stock is valued at net realizable value.

Net realizable value signifies the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make a sale.

2.12 Trade debts and other receivables

Trade receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Trade receivables generally do not include amounts over due by 365 days.

The Company has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, trade receivables have been grouped based on days overdue.

Other receivables are recognised at amortised cost, less any allowance for expected credit losses.

2.13 Taxation

Current

Provision for current tax is based on the taxable income for the year determined in accordance with the prevailing law for taxation of income. The charge for current tax is calculated using prevailing tax rates or tax rates expected to apply to the profit for the year if enacted. The charge for current tax also includes adjustments, where considered necessary, to provision for tax made in previous years arising from assessments framed during the year for such years.

Deferred

Deferred tax is accounted for using the liability method in respect of all temporary differences arising from differences between the carrying amount of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of the taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences and deferred tax assets to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, unused tax losses and tax credits can be utilized.

Deferred tax is calculated at the rates that are expected to apply to the period when the differences reverse based on tax rates that have been enacted or substantively enacted by the reporting date. Deferred tax is charged or credited in the statement of profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.14 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, cash at banks on current, saving and deposit accounts and other short term highly liquid instruments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in values.

2.15 Borrowing cost

Interest, mark-up and other charges on long term finances are capitalized up to the date of commissioning of respective qualifying assets acquired out of the proceeds of such long term finances. All other interest, mark-up and other charges are recognized in the statement of profit or loss.

2.16 Share capital

Ordinary shares are classified as equity and recognised at their face value. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax.

2.17 Trade and other payables

Liabilities for trade and other amounts payable are initially recognized at fair value, which is normally the transaction cost.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

2.18 Provisions

A provision is recognized when the Company has a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation.

2.19 Derivative financial instruments

Derivative financial instruments are initially recognized at fair value on the date on which a derivative contract is entered into and subsequently remeasured at fair value. All derivative financial instruments are carried as assets when fair value is positive and liabilities when fair value is negative. Any change in the fair value of the derivative financial instruments is taken to the statement of profit or loss.

2.20 Functional and presentation currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (the functional currency). The financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency. Figures are rounded off to the nearest thousand of Pak Rupees.

2.21 Foreign currency transactions and translation

All monetary assets and liabilities in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the reporting date. Transactions in foreign currencies are translated into Pak Rupees at exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year end exchange rates of monetary assets and liabilities denominated in foreign currencies are charged or credited to statement of profit or loss. Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated into Pak Rupees at exchange rates prevailing at the date of transaction. Non-monetary assets and liabilities denominated in foreign currency that are stated at fair value are translated into Pak Rupees at exchange rates prevailing at the date when fair values are determined.

2.22 Employee benefits

Defined contribution plan

The Company operates a funded employees' provident fund scheme for its permanent employees. Equal monthly contributions at the rate of six percent of basic pay are made both by the Company and employees to the fund.

Compensated absences

Compensated absences are accounted for in the period in which the absences are earned.

2.23 Borrowings

Financing and borrowings are initially recognized at fair value of the consideration received, net of transaction costs. They are subsequently measured at amortized cost using the effective interest method.

2.24 Revenue from contracts with customers

i) Revenue recognition

Sale of goods

Revenue from the sale of goods is recognised at the point in time when the customer obtains control of the goods, which is generally at the time of delivery.

Interest

Interest income is recognised as interest accrues using the effective interest method. This is a method of calculating the amortised cost of a financial asset and allocating the interest income over the relevant period using the effective interest rate, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial asset.

Dividend

Dividend on equity investments is recognized when right to receive the dividend is established.

ii) Contract assets

Contract assets arise when the Company performs its performance obligations by transferring goods to a customer before the customer pays its consideration or before payment is due. Contract assets are treated as financial assets for impairment purposes.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

iii) **Customer acquisition costs**

Customer acquisition costs are capitalised as an asset where such costs are incremental to obtaining a contract with a customer and are expected to be recovered. Customer acquisition costs are amortised on a straight-line basis over the term of the contract.

Costs to obtain a contract that would have been incurred regardless of whether the contract was obtained or which are not otherwise recoverable from a customer are expensed as incurred to profit or loss. Incremental costs of obtaining a contract where the contract term is less than one year is immediately expensed to profit or loss.

iv) **Customer fulfilment costs**

Customer fulfilment costs are capitalised as an asset when all the following are met: (i) the costs relate directly to the contract or specifically identifiable proposed contract; (ii) the costs generate or enhance resources of the Company that will be used to satisfy future performance obligations; and (iii) the costs are expected to be recovered. Customer fulfilment costs are amortised on a straight-line basis over the term of the contract.

v) **Right of return assets**

Right of return assets represents the right to recover inventory sold to customers and is based on an estimate of customers who may exercise their right to return the goods and claim a refund. Such rights are measured at the value at which the inventory was previously carried prior to sale, less expected recovery costs and any impairment.

vi) **Contract liabilities**

Contract liability is the obligation of the Company to transfer goods to a customer for which the Company has received consideration from the customer. If a customer pays consideration before the Company transfers goods, a contract liability is recognized when the payment is made. Contract liabilities are recognized as revenue when the Company performs its performance obligations under the contract.

vii) **Refund liabilities**

Refund liabilities are recognised where the Company receives consideration from a customer and expects to refund some, or all, of that consideration to the customer. A refund liability is measured at the amount of consideration received or receivable for which the Company does not expect to be entitled and is updated at the end of each reporting period for changes in circumstances. Historical data is used across product lines to estimate such returns at the time of sale based on an expected value methodology.

2.25 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to costs are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss over the expected lives of the related assets.

2.26 Earnings per share

The Company presents earnings per share (EPS) data for its ordinary shares. EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the year.

2.27 Contingent assets

Contingent assets are disclosed when the Company has a possible asset that arises from past events and whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized until their realization becomes certain.

2.28 Contingent liabilities

Contingent liability is disclosed when the Company has a possible obligation as a result of past events whose existence will only be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent liabilities are not recognized, only disclosed, unless the possibility of a future outflow of resources is considered remote. In the event that the outflow of resources associated with a contingent liability is assessed as probable, and if the size of the outflow can be reliably estimated, a provision is recognized in the financial statements.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

2.29 Dividend and other appropriations

Dividend distribution to the Company's shareholders is recognized as a liability in the Company's financial statements in the period in which the dividends are declared and other appropriations are recognized in the period in which these are approved by the Board of Directors.

36. FINANCIAL RISK MANAGEMENT

36.1 Financial risk factors

The Company's activities expose it to a variety of financial risks: market risk (including currency risk, other price risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance.

Risk management is carried out by the Company's finance department under policies approved by the Board of Directors (the Board). The Company's finance department evaluates and hedges financial risks. The Board provides principles for overall risk management, as well as policies covering specific areas such as currency risk, other price risk, interest rate risk, credit risk, liquidity risk and investment of excess liquidity.

(a) Market risk

(i) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Currency risk arises mainly from future commercial transactions or receivables and payables that exist due to transactions in foreign currencies.

As at the reporting date, there are no receivables or payables in foreign currencies. Hence, the Company is not exposed to currency risk.

(ii) Other price risk

Other price risk represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer, or factors affecting all similar financial instrument traded in the market. The Company is also not exposed to commodity price risk since it does not hold any financial instrument based on commodity prices.

Sensitivity analysis

The table below summarises the impact of increase / decrease in the Pakistan Stock Exchange (PSX) Index on the Company's equity (fair value reserve). The analysis is based on the assumption that the equity index had increased / decreased by 5% with all other variables held constant and all the Company's equity instruments moved according to the historical correlation with the index:

Index	Impact on statement of comprehensive income (fair value reserve)	
	2020 (Rupees in thousand)	2019
PSX 100 (5% increase)	2,307	1,984
PSX 100 (5% decrease)	(2,307)	(1,984)

Equity (fair value reserve) would increase / decrease as a result of gains / losses on equity investments classified as FVTOCI.

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

(iii) Interest rate risk

This represents the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Company has no long-term interest-bearing asset. The Company's interest rate risk arises from long term financing and short term borrowings. Borrowings obtained at variable rates expose the Company to cash flow interest rate risk. Borrowings obtained at fixed rate expose the Company to fair value interest rate risk.

At the reporting date the interest rate profile of the Company's interest bearing financial instruments was:

	2020 (Rupees in thousand)	2019
Fixed rate instruments		
Financial assets		
Sales tax refund bonds	-	28,611
Financial liabilities		
Long term financing	16,286	27,103
Floating rate instruments		
Financial assets		
Bank balances - deposit accounts	185	146
Financial liabilities		
Short term borrowings	302,420	110,043

Fair value sensitivity analysis for fixed rate instruments

The Company does not account for any fixed rate financial assets and liabilities at fair value through profit or loss. Therefore, a change in interest rate at the reporting date would not affect profit or loss of the Company.

Cash flow sensitivity analysis for variable rate instruments

If interest rates at the year end date, fluctuates by 1% higher / lower with all other variables held constant, loss after taxation for the year would have been Rupees 2.146 million (2019: profit after taxation for the year would have been Rupees 0.780 million lower / higher) higher / lower mainly as a result of higher / lower interest expense on floating rate borrowings. This analysis is prepared assuming the amounts of liabilities outstanding at reporting dates were outstanding for the whole year.

(b) Credit risk

Credit risk represents the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date was as follows:

	2020 (Rupees in thousand)	2019
Investments	46,144	68,289
Security deposits	1,576	1,576
Trade debts	94,477	223,860
Advances	161	259
Other receivables	878	586
Bank balances	6,546	26,660
	149,782	321,230

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

The credit quality of financial assets that are neither past due nor impaired can be assessed by reference to external credit ratings (If available) or to historical information about counter party default rate:

				46,144	68,289
				52,690	94,949

The Company's exposure to credit risk and allowance for expected credit losses related to trade debts is disclosed in Note 17.

Due to the Company's long standing business relationships with these counterparties and after giving due consideration to their strong financial standing, management does not expect non-performance by these counter parties on their obligations to the Company. Accordingly the credit risk is minimal.

(c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities.

The Company manages liquidity risk by maintaining sufficient cash and the availability of funding through an adequate amount of committed credit facilities. At 30 June 2020, the Company had Rupees 375.580 million (2019: Rupees 589.957 million) available borrowing limits from financial institutions and Rupees 7.074 million (2019: Rupees 27.298 million) cash and bank balances. The management believes the liquidity risk to be low. Following are the contractual maturities of financial liabilities, including interest payments. The amount disclosed in the table are undiscounted cash flows:

36.3 Offsetting financial assets and financial liabilities

As on reporting date, recognized financial instruments are not subject to off setting as there are no enforceable master netting arrangements and similar agreements.

37. CAPITAL RISK MANAGEMENT

The Company's objectives when managing capital are to safeguard the Company's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt. Consistent with others in the industry and the requirements of the lenders, the Company monitors the capital structure on the basis of gearing ratio. This ratio is calculated as borrowings divided by total capital employed. Borrowings represent long term financing and short term borrowings obtained by the Company as referred to in note 5 and 9 respectively. Total capital employed includes 'total equity' as shown in the statement of financial position plus 'borrowings'.

		2020	2019
Borrowings	Rupees in thousand	340,706	158,909
Total equity	Rupees in thousand	533,616	676,428
Total capital employed	Rupees in thousand	874,322	835,337
Gearing	Percentage	38.97	19.02

The increase in gearing ratio is due to increase in borrowings of the Company.

	2020	2019
38. PLANT CAPACITY AND ACTUAL PRODUCTION		
Number of spindles installed	58,272	59,232
Number of spindles operated	41,134	57,652
100% plant capacity converted to 20s count based on 3 shifts per day (Kgs)	22,293,414	22,658,691
Actual production converted to 20s count based on 3 shifts per day (Kgs)	16,084,361	20,335,963

38.1 Reasons for low production:

Under utilization of available capacity was mainly due to temporary suspension of operations due to lock down announced by the Government of Punjab.

39. RECOGNIZED FAIR VALUE MEASUREMENTS - FINANCIAL STATEMENTS

(i) Fair value hierarchy

Judgements and estimates are made in determining the fair values of the financial instruments that are

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

recognised and measured at fair value in these financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the following three levels. An explanation of each level follows underneath the table.

Recurring fair value measurements At 30 June 2020	Level 1	Level 2	Level 3	Total
(Rupees in thousands)				
Financial assets				
Fair value through other comprehensive income	46,144	-	-	46,144
Total financial assets	46,144	-	-	46,144

Recurring fair value measurements At 30 June 2019	Level 1	Level 2	Level 3	Total
(Rupees in thousands)				
Financial assets				
Fair value through other comprehensive income	39,678	-	-	39,678
Total financial assets	39,678	-	-	39,678

The above table does not include fair value information for financial assets and financial liabilities not measured at fair value if the carrying amounts are a reasonable approximation of fair value. Due to short term nature, carrying amounts of certain financial assets and financial liabilities are considered to be the same as their fair value. For the majority of the non-current receivables, the fair values are also not significantly different to their carrying amounts.

There were no transfers between levels 1 and 2 for recurring fair value measurements during the year. Further there was no transfer in and out of level 3 measurements.

The Company's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and trading and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Company is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

(ii) Valuation techniques used to determine fair values

Specific valuation technique used to value financial instruments was use of quoted market prices.

41 OPERATING SEGMENTS

These financial statements have been prepared on the basis of single reportable segment.

Sales of yarn represents 96.14% (2019: 96.26%) of the total sales of the Company.

81.77% (2019: 84.04%) of the sales of the Company relates to customers in Pakistan. Of the remaining sales of the Company relating to customers outside Pakistan, 100% (2018: 97.78%) of those sales are made to customers in China.

All non-current assets of the Company at 30 June 2020 are located in Pakistan.

6.14% (2019: 15.61%) of the total sales of the Company are made to a single customer in Pakistan.

42 EVENTS AFTER THE REPORTING PERIOD

42.1 The Board of Directors of the Company has proposed a cash dividend for the year ended 30 June 2020 of Rupees NIL per share (2019: Rupees 1.05 per share) at their meeting held on 29 September, 2020. However, this event has been considered as non-adjusting event under IAS 10 'Events after the Reporting Period' and has not been recognized in these financial statements.

43 IMPACT OF COVID-19 (CORONA VIRUS)

The pandemic of COVID-19 that rapidly spread all across the world has not only endangered human lives but has also adversely impacted the global economy. On 23 March 2020, the Government of the Punjab and the Government of Sindh

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED JUNE 30, 2020

announced a temporary lock down as a measure to reduce the spread of the COVID-19. Complying with the lockdown, the Company temporarily suspended its operations. After implementing all the necessary Standard Operating Procedures (SOPs) to ensure safety of employees, the Company resumed its operations gradually from 28 May 2020 and took all necessary steps to ensure smooth and adequate continuation of its business in order to maintain business performance despite slowdown in economic activity. The lockdown caused disruptions in supply chain including supply of goods to the customers resulting in a decline in sales. Subsequent to the year ended 30 June 2020, due to significant reduction in outbreak, demand for the Company's goods is fast reverting back to normal levels. Due to this, management has assessed the accounting implications of these developments on these financial statements, including but not limited to the following areas:

- expected credit losses under IFRS 9, 'Financial Instruments';
- the impairment of tangible assets under IAS 36 'Impairment of Assets';
- the net realisable value of inventory under IAS 2, 'Inventories';
- provisions and contingent liabilities under IAS 37 'Provisions, Contingent Liabilities and Contingent Assets'; and
- going concern assumption used for the preparation of these financial statements.

According to management's assessment, there is no significant accounting impact of the effects of COVID-19 in these financial statements.

44 DATE OF AUTHORIZATION FOR ISSUE

These financial statements were authorized for issue on 29 September, 2020 by the Board of Directors of the Company.
